About Us

It all began with three partners and their idea of starting a one-of-a-kind seafood buffet business. The initial plan wasn't just to serve a wide variety of seafood, but to serve seafood they knew themselves was both fresh and tasty. One of the partners, my husband Jerry Dowless, and I decided to buy out the business in May of 2003. Jerry, unfortunately, passed away in August of that same year, leaving me and my three children with a tough decision. We are so glad we made the choice to carry on our dreams because, today, we can proudly celebrate being in business for 20 fun and successful years.

Jimmy's offers the usual seafood fare, but with an emphasis on a Caribbean twist, giving our food choices diverse flavors from all over the world. To ensure our seafood is extremely fresh, we order heaps of fish and shellfish from local areas as well as crab legs from Florida to Alaska to North Carolina itself.

Preparing as early as 4:00 a.m. on summer mornings, here at Jimmy's Seafood Buffet we are dedicated to serving you the freshest and tastiest seafood you can find on the East Coast. From the carefully selected seafood to homemade soups to hand-prepared salad dressings, everything on our bar is either handmade or locally fresh.

When it comes to our buffet, we have high hopes you will not be disappointed with all that is offered. Undoubtedly you will find unique seafood options and fresh items from The Garden, but our buffet boasts more than just saltwater cuisine and greens. Be sure to sample—or pig out—at The Island station featuring traditional Southern food or try one of our made-to-order desserts! Every ounce of our effort to make your food choices delicious is worth it when we see a line of people out the door just waiting to eat or when we hear that families have traveled from all over just to meet each other at our establishment for a dinner reunion.

In addition to our tasty food, every day we strive to make Jimmy's a place that is family-friendly and fun in a laid-back atmosphere. With our tropical island theme and welcoming, down-to-earth staff, we hope to make you feel at home when dining at Jimmy's Seafood Buffet. Whether you are in town, on vacation, or meeting up with friends and family for the night, the food, drinks, service and atmosphere at Jimmy's is the perfect solution for a fun night out in the Outer Banks.

After being in business for 20 years now, we are proud to be known as the "Vacation Destination" by people from all over. To all of you who come back year after year, and to those who plan to come in the future, my children and I thank you dearly.
